DISPENSARY FUND GOES TO SCHOOL

J. E. SWEARINGEN APPORTIONS OVER \$25,000.

State Superintendent Receives Applications For State Aid—Must Act Quick.

The State. Yesterday the State department of education distributed among the counties \$25,717.16. Of this amount \$15,396.41 was derived from the income on the permanent school fund, and \$10,010.75 from the recent payment on the purchase price of some of the old State dispensary property.

The money was apportioned on the basis of enrollment for the scholastic year 1914-15.

Applications for the regular forms of State aid under the term extension law, the rural graded school law and the high school laws are now being received by the State superintendent from a number of the counties. Every school district participating in these appropriations can not afford to lose.

this State aid for the session 1915-16, hence teachers and trustees should send in their applications through the office of their county superintendent without delay.

The payments to the counties were as follows:
